12. Thickness and material of foundation walls? .....

13. Material of upper walls? ..... If ashlar, give kind and thickness .....

14. Thickness of upper walls:

|            |                     |                    |                    |                     |
|------------|---------------------|--------------------|--------------------|---------------------|
| Basement:  | front. .... inches; | rear. .... inches; | side. .... inches; | party. .... inches. |
| 1st story: | " .....             | " .....            | " .....            | " .....             |
| 2d story:  | " .....             | " .....            | " .....            | " .....             |
| 3d story:  | " .....             | " .....            | " .....            | " .....             |
| 4th story: | " .....             | " .....            | " .....            | " .....             |

15. Is present building provided with a fire escape? No

**If to be extended on any side, give the following information:**

16. Is extension to be on side, front or rear? .....

17. Size of proposed extension, feet front .....; feet rear .....; feet deep .....; number of stories in height? .....; number of feet in height? .....

18. Material of foundation walls? .....; depth ..... feet; material of base course .....; thickness of base course .....; thickness of foundation walls: front ..... inches; side ..... inches; rear ..... inches; party ..... inches.

19. Will foundation be on rock, sand, earth or piles? .....

20. What will be the size of piers in cellar? .....; distance on centres? .....; size of base of piers? .....; thickness of cap stones? .....; of bond stones? .....

21. Material of upper walls? .....; material of front? .....

22. Thickness, exclusive of ashlar, of upper walls:

|            |                     |                    |                    |                     |
|------------|---------------------|--------------------|--------------------|---------------------|
| 1st story: | front. .... inches; | rear. .... inches; | side. .... inches; | party. .... inches. |
| 2d story:  | " .....             | " .....            | " .....            | " .....             |
| 3d story:  | " .....             | " .....            | " .....            | " .....             |
| 4th story: | " .....             | " .....            | " .....            | " .....             |
| 5th story: | " .....             | " .....            | " .....            | " .....             |
| 6th story: | " .....             | " .....            | " .....            | " .....             |

23. With what will walls be coped?.....
24. Will roof be flat, peak, or mansard?.....; material.....
25. Give size and material of floor and roof beams.....
- 1st tier, material.....; size.....; distance on centres.....
- 2d tier, "....."....."....."
- 3d tier, "....."....."....."
- 4th tier, "....."....."....."
- 5th tier, "....."....."....."
- Roof tier, "....."....."....."
- Give thickness of headers.....of trimmers.....
26. Give material of girders.....of columns.....
- Under 1st tier, size of girders..... size of columns.....
- " 2d " " "....."....."
- " 3d " " "....."....."
- " 4th " " "....."....."
- " 5th " " "....."....."
- " Roof tier, " "....."....."
27. If front, rear or side is to be supported on columns or girders, give:
- Girders, material.....; front.....; side.....; rear.....
- size....."....."....."
- Columns, material....."....."....."
- size....."....."....."
28. If constructed of frame, give material.....; size of sill.....;
- plate.....; enterties.....; posts.....; studs.....;
- braces.....
29. If open on one side, give size of plate.....posts.....
30. How will extension be occupied?.....
- If for dwelling, give number of families on each floor.....
31. How will extension be connected with main building?.....
32. Give size of skylights.....material.....
33. Give material of cornices.....
34. Give material of light shafts.....; size.....

**If to be increased in height, give the following information:**

35. Will building be raised from foundation, or extended on top? Give particulars.....
- .....
- .....
- .....
36. How many stories high will building be when raised?.....; feet high.....
37. Will the roof be flat, peak or mansard?.....; material.....
38. Material of coping?.....

39. Give material of new walls.....thickness of.....story.....inches;  
 .....story.....inches; .....story.....inches; .....story  
 .....inches; .....story.....inches; .....story.....inches;  
 .....story.....inches.
40. Material of floor beams?..... Size..... tier.....;  
 centres.....; ..... tier.....; centres.....; ..... tier.....,  
 centres.....; ..... tier.....; centres.....; ..... tier.....;  
 centres.....
41. Material of girders?..... Size under 1st tier.....; 2d tier.....;  
 3d tier.....; 4th tier.....; 5th tier.....; 6th tier.....
42. Material of columns?..... Size under 1st tier.....; 2d tier.....;  
 3d tier.....; 4th tier.....; 5th tier.....; 6th tier.....
43. Size of piers in cellar.....; distance on centres.....; thickness of capstones  
 to piers.....; bond stones.....
44. If constructed of frame, give material of frame.....; size of sills.....  
 corner posts.....; middle posts.....; enteries.....  
 plates.....; braces.....; studs.....
45. How will building be occupied when altered?.....  
 If for dwelling, state number of families on each floor .....
46. With what kind of fire escape will building be provided?.....

If the Front, Rear or Side Walls, or any portion thereof, are to be taken out and rebuilt, give definite particulars,  
 and state in what manner:

47. *New partitions around water-closets apartments on all floors  
 to be of 2 1/2 x 4" spruce posts set 16" from etc. to be lathed  
 and plastered 3 coats. On 2<sup>nd</sup>, 3<sup>rd</sup> & 4<sup>th</sup> stories cut out  
 present brickwork, in rear piers for new closet windows.  
 Each opening to have a 1/2" cast iron frame as per sketch  
 1.0 x 3.0" all to be well built in wall, and to have  
 1" cast iron lugs on sides, to have blue stone sills. Should  
 present piers become defective, same to be then built*

If altered Internally, give definite particulars, and state how the building will be occupied:

48. *with cement mortar. Present wooden windows frames  
 of Basement & 1<sup>st</sup> story will be made into a  
 mullion frame as per plan.*

49. How much will the alteration cost? *1000<sup>00</sup>/<sub>100</sub>*
