TENEMENT HOUSE DEPARTMENT OF THE CITY OF NEW YORK,

61 IRVING PLACE, S. W. CORNER 18TH STREET,

NEW YORK CITY, July 31st, 1902.

To all Owners and Architects who have Filed Plans
in the Tenement House Department for New Tenement Houses.

Dear Sirs:

Your attention is called to Section 122 of the Tenement House Act, which provides that no building constructed after April 10, 1901, shall be occupied in whole or in part for human habitation until the issuance of a certificate by the Tenement House Department and by the Bureau of Buildings that the said building conforms in all respects to the requirements of the Tenement House Act.

This Department has found recently a number of cases in which owners of new tenement houses have apparently been unfamiliar with this provision of law and have placed tenants in their buildings without such certificates. An inspection of the premises has shown that the buildings were contrary to law and it has become necessary in some cases for the owners to turn out all of their tenants and make the buildings conform to the law, thus incurring expense and trouble which they might have avoided.

As soon as a building is completed, and not before, the owner should make application to the Tenement House Department for a certificate, (a proper form will be furnished by the Department,) and should not place any tenants, not even the janitor, in the building until such certificate has been granted.

This Department will act promptly upon all such requests for certificates, and will not delay beyond the time necessary to make a thorough and careful examination of the premises.

The Department cannot lawfully grant a certificate unless the building is built in accordance with law in every respect.

If a tenement house is occupied without the certificate of the Tenement House Department it is provided in the Tenement House Act, Section 123, that -

"During such unlawful occupation any bond or note secured by a mortgage upon said building, or the lot upon which it stands, may be declared due at the option of the mortgagee. No rent shall be recoverable by the owner or lessee of such premises for said period, and no action or special proceeding shall be maintained therefor, or for possession of said premises for non-payment of such rent. The department of water supply shall not permit water to be furnished in any such tenement house, and said premises shall be deemed unfit for human habitation, and the Tenement House Department shall cause them to be vacated accordingly."

Yours respectfully,

Robert W. DeForest

Tenement House Commissioner.

APPLICATION FOR SLIGHT ALTERATIONS AND REPAIRS.

APPLICATION is hereby made to the Tenement House Commissioner of The City of New York for the approval of the detailed statement of the specifications and plans herewith submitted for the alteration of the Tenement House herein described. THE APPLICANT AGREES TO COMPLY WITH ALL PROVISIONS OF LAW AND ORDINANCES IN THE ALTERATION OF SAID BUILDING, WHETHER SPECIFIED HEREIN OR NOT.

(Sign here) Gronenberg & Leuchtag Address 7 West 22 Street

NOTE.—The above signature to be that of the owner or of the person authorized by him to make application.

WARNING.—The approval of plans, procured by misrepresentation of facts or conditions, mis-statements in applications, or through improper action by any officer or employee of this Department, does not legalize an illegal construction, arrangement or condition.

INSTRUCTIONS.

VERY IMPORTANT THAT SAME BE CAREFULLY READ.

Three sets of Applications and two sets of Drawings must be filed.

All plans must be drawn to a uniform scale, not less than one-quarter inch to the foot, and be on linen tracing cloth or be cloth prints, and the proposed new work must be clearly distinguished from the old work by dotted lines or by other conventional methods.

After approval by the Tenement House Department, one set of plans and a certificate of approval will be at once forwarded to the Bureau of Buildings by the Department.

The dimensions and boundaries of each lot must be clearly marked on plans, as must the clear measurements of all courts, yards, shafts, rooms, stairs and halls, the location of all fire-escapes, and the use to which each room and the several portions of the cellar are to be put. With each application, not personally signed by the owner, must be filed a written statement (see page 3), authorizing the person signing this application to make such application. Thereafter no person other than the owner whose signature appears in the papers, or the person authorized by him as above explained, will be recognized by the Department. A new owner or a new architect may be substituted during the progress of the work only after filing a new authorization, as per page 3.

When necessary the Department may require a block plan, on sheet 8 1/4 x 13 1/2 in. (on linen tracing cloth or cloth print), giving dimensions and boundaries of each lot, distance of same from adjacent streets, the size of the building, with general dimensions, including dimensions of all courts, yards, areas, shafts and offsets from the same.

Disapproved amendments are rejected in their entirety. A subsequent amendment, filed to meet the objections, must also contain all items proposed in the original amendment not specifically disapproved.

All amendments to plans and applications must be made on a separate blank provided for that purpose, and where changes affecting the sizes of lots, buildings, courts, rooms, or halls are made, separate drawings showing such changes must be filed, if required by the Department. Amendments must be typewritten. All changes made in drawings or applications, after the date of original filing, must be made in red ink, and each change or correction dated and initialed or signed by the person making the same. Corrected drawings will be required if changes made, in the opinion of the Department, make same necessary.

NOTE.—Where it is proposed to convert or alter to the purposes of a tenement house a building not erected for such purpose, the form of application used for the erection of a new tenement house must be filed in the Department and must be completely filled out.
