WARNING.—The approval of plans, procured by misrepresentation of facts or conditions, mis-statements in applications, or through improper action by any officer or employee of this Department, does not legalize an illegal construction, arrangement or condition.

### INSTRUCTIONS.

### VERY IMPORTANT THAT SAME BE CAREFULLY READ.

## Three sets of Applications and two sets of Drawings must be filed.

All plans must be drawn to a uniform scale, not less than one-quarter inch to the foot, and be on linen tracing cloth or be cloth prints, and the proposed new work must be clearly distinguished from the old work by dotted lines or by other conventional

cloth prints, and the proposed new work must be clearly distinguished from the old work by dotted lines or by other conventional methods.

After approval by the Tenement House Department, one set of plans and a certificate of approval will be at once forwarded to the Bureau of Buildings by the Department.

The dimensions and boundaries of each lot must be clearly marked on plans, as must the clear measurements of all courts, the cellar are to be put. With each application, not personally signed by the owner, must be filed a written statement (see page nature appears in the papers, or the person authorized by him as above explained, will be recognized by the owner whose signer or a new architect may be substituted during the progress of the work only after filing a new authorization, as per page 3. giving dimensions and boundaries of each lot, distance of same from adjacent streets, the size of the building, with general dimensions, including dimensions of all courts, yards, areas, shafts and offsets from the same.

All amendments are rejected in their entirety. A subsequent amendment, filed to meet the objections, must also contain all items proposed in the original amendment not specifically disapproved.

All amendments to plans and applications must be made on a separate blank provided for that purpose, and where changes affecting the sizes of lots, buildings, courts, rooms, or halls are made, separate drawings showing such changes must be filed, if original filing, must be made in red ink, and each change or correction dated and initialed or signed by the person making the same.

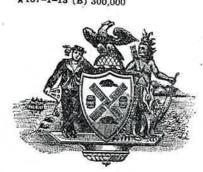

Corrected drawings will be required if changes made, in the opinion of the Department, make same necessary.

The definition of application used for the erection of a new tenement house a building not erected for such purpose, the form of application used for the erection of a new tenement house must be filed in the Department and must be completely

Mear Sir:

The above plans have been examined by the Tenement House partment solely with regard to the alterations proposed.

There may be defective structural conditions;

(a) subject to pending violations.(b) subject to orders to be issued in the future.

The removal of such actual or contingent structural iolation may necessitate the filing and approval of plans in this Department. In such event, the original plans cannot be amended to include such changes, after the work proposed therein has been reported by the Inspector as completed.
